MAGGIE

Sextonåriga Maggie (Abigail Breslin) smittas med en livsfarlig sjukdom som förvandlar henne till en kannibalisk zombie.

Alla som smittas isoleras där de genomgår den plågsamma och farliga förvandlingen. Myndigheterna berättar inte vad som händer efter det. Wade Vogel (Arnold Schwarzenegger) är inte redo att ge upp sin dotter. När sjukdomen fortskrider stannar Wade ensam med Maggie, väl medveten om riskerna.
